May cause mild eye and skin irritation. Ingestion may cause gastrointestinal distress. Inhalation of mists may cause upper respiratory tract irritation.

Indication of any immediate medical attention and special treatment needed :
Immediate medical attention is not generally required.

Section 5 / Fire Fighting Measures

Extinguishing Media :

Use carbon dioxide, dry chemical, foam, or water fog.

Special Hazards Arising from the Substance or Mixture :

Thermal decomposition products that may develop after the water has evaporated may include carbon and nitrogen oxides.

Advice for Fire-Fighters :

Firefighters should wear positive pressure self-contained breathing apparatus and full protective clothing for all fires involving chemicals. Cool fire exposed containers with water.

Section 6 / Accidental Release Measures

Personal Precautions :

No special measures required.

Environmental Precautions :

Avoid contact of large amounts of spilled material runoff with soil and surface waterways.
